

In honour of World Suicide Prevention Day, EASAV is pleased to facilitate a free webinar for the entire veterinary team...

How to talk about suicide

A conversation guide

(AbVMA & SVMA-approved for 1.5 CE credits)

This webinar will explore common myths and facts around suicide, who is impacted and why, as well as steps to begin a conversation about suicide. [Click here to learn more.](#)

It will support participants in exploring common myths and facts about suicide, building awareness of how and why people are impacted, understanding dynamics of protective and risk factors, learning a 4-step model for starting a conversation about suicide through case studies and discussion and identifying community resources for further help.

All participants will receive a certificate upon completion from the centre for suicide prevention.
